TYPES OF LONG DISTANCE CALLS

Station-to-Station

Direct Distance Dialed (DDD) calls are station-to-station calls. Call station-to-station if you'll talk with anyone who answers. Rates are lower than for person-to-person calls and charging begins when the telephone you've called is answered.

Person-to-Person (Dial Operator)

Call person-to-person when you wish to talk with a particular person or extension. Tell the Operator you wish to make a "person-to-person" call and give her the Area Code for the city you want, the telephone number, and the name of the person you are calling. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called.

Collect (Dial Operator)

You can call "collect" if the person or firm you're calling agrees to pay the charge. If you want to make a "collect" call, tell the Operator and give her the Area Code for the city you want and the telephone number.

Conference (Dial Operator)

You can talk with several people in different places at the same time. Dial Operator and tell her you wish to make a conference call.

Mobile, Marine and Overseas Service (Dial Operator)

You can make Local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service and to practically all the world's telephones. Some Mobile and Marine calls can be completed by dialing, others must be completed by the Operator. On overseas calls, dial Operator and ask for the Overseas Operator and give her the name of the country you're calling.

Inward WATS

Station-to-station Long Distance calls may be made without charge to you to those customers who have inward Wide Area Telephone Service. They offer this service to their customers calling from specific locations. Dial the access code plus Area Code 800 plus the special numbers of customers with this service. To reach Directory Assistance for Inward WATS dial the Access Code plus Area Code 800 plus 555-1212.

Time and Charges

Customers, when placing calls, may request from the "OPERATOR" the amount of time charged to the call and the costs associated with the call.

Bill to the Third Number

Customers may place calls and transfer the charge to another telephone. This service requires "OPERATOR" assistance. The call may be either station-to-station or person-to-person.

Credit Card

A telephone credit card is a convenient way of making Long Distance calls when away from home. All calls placed using your credit card will be charged to your home or business telephone number. To apply for a credit card, call our business office.

Coin Calls

From coin telephones, see the instruction card on or near the telephone, or dial "OPERATOR".

You will not be charged:

If you call Directory Assistance (Area Code and 555-1212) in another city.

If you reach a wrong number. (Dial Operator and tell her. She'll see that you're not charged for the call.)

If the telephone you called is busy or does not answer.

If you hang up before dialing the complete number.

DIRECT DISTANCE DIALING

With Direct Distance Dialing (DDD), you can dial your own station-to-station long distance calls. To make Direct Distance Dialing possible, the nation has been divided into more than 120 geographic areas. Each area has its own three-digit "Area Code," (see map on Inside Front Cover).

You probably can obtain the area code of the place you are calling by checking the map. If the map does not clearly show the area code you want, and it is not listed in the introductory pages of your directory, call the operator and she will give you the area code.

You can dial direct to almost any telephone with a seven-digit or a two letter, five-digit number.

FROM ALL TELEPHONES (Except Coin Telephones)

When dialing station-to-station calls.

within the 501 area_____Dial 1 + seven digit telephone number

outside the 501 area_____Dial 1 + area code + seven digit telephone number

After you have dialed the number an operator may be connected with you momentarily, and request the details necessary to complete your call, such as your telephone number if you are on a party line or made an error in dialing.

When dialing person-to-person, collect and credit card calls

with the 501 area_____Dial "O" (OPERATOR)

outside the 501 area_____Dial "O" (OPERATOR)

After you have dialed "O" an operator will answer and request the details necessary to complete your call. Give the operator your special instructions as follows:

For person to person calls — say "person to person" and give the operator the name of the person you are calling, and the number you are calling.

For collect calls — say "collect" and give your name, and the number you are calling.

For credit card calls — say "credit card call" and give your credit card number

HOW TO GET OUT-OF-TOWN NUMBERS

If you do not have the number in the city you are calling, dial 1 plus the Area Code of the town you wish to call, then dial 555-1212. If the town you wish to call is within the 501 Area you need not dial the Area Code. There is no charge for these calls.

HOW TO REACH WATS DIRECTORY ASSISTANCE

Dial "1" where required, then Code "800" plus 555-1212.

IF YOU REACH A WRONG NUMBER

Ask the person who answers what city you have reached. Then dial "Operator" immediately and report it to her. She will cancel the charge. There is no charge for these calls.

"BUSY" SIGNALS AND "NO ANSWERS"

If you get a "busy" signal or if no one answers the telephone you are calling, hang up and try the call a little later. No charge is made on uncompleted calls.

IF YOU NEED HELP

If you are cut off, encounter difficulty in hearing or experience any other trouble, just dial "Operator" and report it to her. She will be glad to help you.

APPLICABLE RATE PERIOD

Charges are based upon rates in effect at the time of connection at the calling point. This also includes calls beginning in one rate period and ending in another.

ALASKA, HAWAII, CANADA, MEXICO AND OVERSEAS CALLS

The operator can provide you with station-to-station and/or person-to-person rate information.

AREA CODES FOR FASTER LONG DISTANCE CALLING

Even on calls you must place with the Long Distance Operator, the area code will help you get them through faster. Just give her the area code if it is different from the one for the phone you are using, and the telephone number you want. For example, say "Area code 311, 555-2368." If the Operator needs to know the place name, she will ask for it.

AREA CODES FOR SOME CITIES

Dial 1, then dial the Area Code, followed by the telephone number.
Directory Assistance for all points can be reached without charge by Direct Distance Dialing. Dial 1, then the proper area code and 555-1212.

04788 © Continental Telephone Company of Arkansas 1975

555-1212 is a magic number. You can obtain distant telephone numbers in cities throughout the country, simply by dialing one, plus the area code (if it's different from yours) plus 555-1212. It's the universal directory assistance number.

yellow pages

When you need

A PRODUCT OR SERVICE

If it's furniture just turn to "Furniture" in the "F" section. Look over the list of furniture dealers and then pick the dealer whose message, location, brand names, or other features appeal to you.

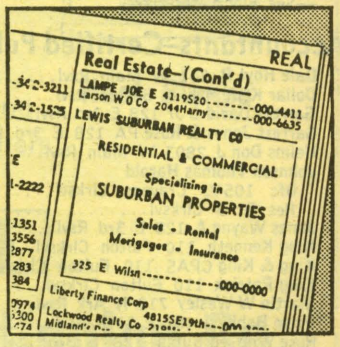
Whether you need a plumber or a florist, a TV repairman, a moving van, or any other product or service look under the appropriate heading . . . and you'll find them fast in the Yellow Pages.

When you want to

FIND A FIRM WHOSE FULL NAME OR ADDRESS YOU'VE FORGOTTEN

If, for example, you have forgotten the name of a real estate company you want to call but remember the address, check the listings under "Real Estate" until you come to the address and you'll recognize your firm.

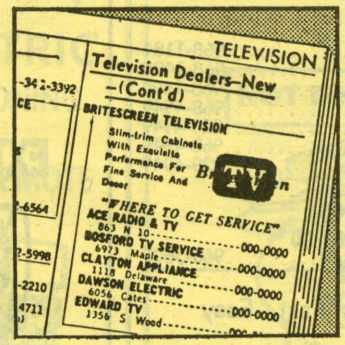
Perhaps you can remember only part of the name . . . that "Suburban" is in the firm's name. Look through "Real Estate" listings and you'll, no doubt, quickly recognize the full name of the company.



When you want to

FIND A "BRAND NAME" PRODUCT OR SERVICE

If you want to know who handles "Britescreen Television Sets" just turn to "Television Dealers" in the Yellow Pages and look for "Britescreen Television" in alphabetical order, with Britescreen dealers listed under it.

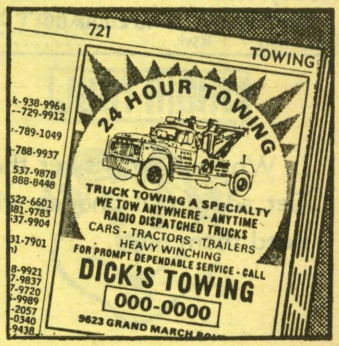


When you want to

FIND FIRMS OFFERING SPECIAL SERVICES

Need a tow truck in the middle of the night? Or a plumber or furnace repairman? You can find them fast in the Yellow Pages.

You can find out which restaurants are open on Sunday, where to get an ambulance or chartered airplane, rent a post hole digger or a wheel chair. A look in the Yellow Pages can answer a lot of questions, save a lot of time and trouble.



EVEN WHEN YOU KNOW THE NAME YELLOW PAGES CAN HELP

Let's say, for example that you want to call the National Hardware Store. You can find "National" under "Hardware" in the Yellow Pages faster than going through the "N" pages in the regular white alphabetical pages.

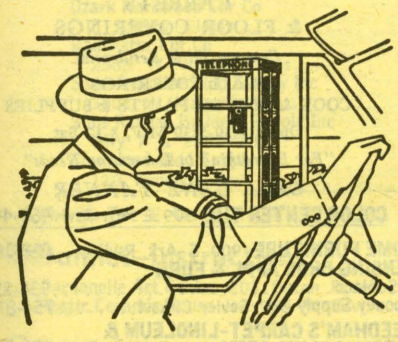
A Welcome Sight

A PUBLIC TELEPHONE



Conveniently located and well-lighted public telephones serve your "away-from-home" telephone needs 24 hours a day, Sundays and Holidays.

When furnishings are scrubbed "steamed" or shampooed or when "do-it-yourself" sudsed powdered or sprayed much or all of the clinging, greasy grime goes deeper, to breed germs and to seep back to resoil the surface.

When **Duracleaned,** soil comes *OUT*

Laboratory tests showed scrubbing took out only 46% as much soil as Duraclean. Do-it-yourself ways removed less or NONE.

Leading carpet and furniture makers recommend Duraclean Craftsmen to take the soil OUT and to prolong the life of the fabrics and carpetings they make.

REFUND OR REPLACEMENT GUARANTEED TO CONSUMER BY PARENTS' MAGAZINE IF PRODUCT OR PERFORMANCE IS DEFECTIVE & REPORTED WITHIN 30 DAYS OF PURCHASE

Editorial pages in House Beautiful, Parents' Magazine, House & Garden, McCalls, commend Duraclean.

No soaking or scrubbing. Dull colors revive . . . pile rises . . . fabrics enliven.

7 ON-LOCATION SERVICES

include: soil retarding, moth-proofing, replacing carpet tufts, fire resistance, control of carpet static, stain removal. Worldwide.

To help commemorate our nation's 200th birthday, the front cover of your directory pictures some of the more interesting examples of paper money that circulated in a number of the thirteen original colonies during the American Revolution. The early paper money of America has the unique distinction of being the first paper money issued by any government in the Western world.

Also pictured are the three new commemorative coins Congress has authorized to be minted for the United States Bicentennial. The designs for the coins were chosen in a national competition as a most appropriate expression of our country's heritage and achievements.
